

Experience

Warehouse Manager at Concrete Collaborative | San Marcos, CA Jan 2018 - Present

I oversee the entire operation of Concrete Collaborative's primary warehouse. Over the past 6 years I assisted in establishing all 3 of the company's factories in Southern California. I was one of their first employees in 2012 when they established their manufacturing in the U.S.

Responsibilities include -

- Overseeing the delivery of the company's products from start to finish
- Loading 4 to 5 semi-trucks per week
- Creating a bill of lading for every job
- Ensuring each crate is up to company standards for delivery
- Maintaining a clean and organized warehouse
- Responsible for the maintenance and upkeep of the warehouse forklift, work truck, mixer, and more
- Consistently keeping warehouse inventory accurate and up to date
- Communicating with employees, truck drivers and customers on a consistent basis
- Meeting with clients when necessary to solve problems and execute quality control
- Making local deliveries when necessary

Supervisor at Concrete Collaborative | San Marcos, CA Jan 2014 - Jan 2018

- Oversaw the manufacturing of the company's products
- Delegated necessary tasks to various team members
- Cut, ground, and poured various concrete products
- Constructed crates for the products to be delivered in
- Efficiently handled the use of forklifts in executing jobs

Employee at Concrete Collaborative | Oceanside, CA May 2012 - Jan 2014

- Worked with other team members in the manufacturing of the company's products
- Cut, ground, and poured for various concrete jobs
- Constructed and maintained molds for the creation of the products
- Built crates for the products to be delivered in

Event Security at Contemporary Services Coporation | San Diego, CA Nov 2011 - May 2012

- Worked as security for a variety of events throughout Southern California

Education

University of Southern California, San Diego | classes in Web Development July 2018 - Jan 2019

- Starting night and weekend classes at the end of July
- Aiming to gain experience in web development to aid in future positions and give myself a competitive edge in my career
- Will train in HTML5, CSS3, JavaScript, Java, jQuery, Bootstrap, Express.js, React.js, Node.js, Database Theory, Bookshelf.js, MongoDB, MySQL, Command Line, Git, and more

Brooke Point High School | Stafford, VA Sept 2005 - June 2009

- Received my high school diploma from Brooke Point High School in 2009
- Took 3 years of auto tech classes
- Excelled in math
